BUGGY POLICY

The Golf Club

Use of Ride-on Buggies on the Golf Course

Introduction

Due to disability, some members and visitors may not be able to play golf without the help provided by a motorised ride-on buggy. The purpose of this document is to establish a standard for the safe operation of all ride-on buggies operated on the course at TheGolf Club. The document also sets down the criteria to be applied and conditions to be met when the Club considers applications for their use.

Qualifications:

Use of a ride-on buggy will not be allowed unless authorised by the Club and will be restricted to members, visitors and guests demonstrably having a genuine incapacity to play golf unless aided by the use of the buggy. (See also `Use in General Play and Competitions` below).

Any person who accepts the privilege of operating a ride-on buggy on the golf course is deemed by so doing, to have the knowledge, training and skill to safely operate this vehicle and be fully accountable for their actions and the consequences thereof.

The safe operation of ride-on buggies on the course requires conscientious application and adherence to the minimum standard of care prescribed by this policy.

Ride-on buggies must be operated in accordance with the requirements of the following documents:

- Golf Buggy Safety Policy
- Golf Buggy Safe Working Practice
- Golf Buggy Safety Policy Acknowledgement Form.

In order that these conditions can in practice be met, the Club Secretary/Manager or their approved nominee must whenever possible be given prior notice of a requirement by a member, visitor or guest to use a ride-on buggy. The Club reserves the right to refuse permission if all of the conditions stipulated are not complied with.

The Club also reserves the right to withdraw authorisation if the medical condition or disability necessitating the use of a ride-on buggy ceases, or, the conditions for its use are not fully complied with.

From time to time the Club staff may determine that the state of the course or the weather is such that safety on or the condition of the course may be unacceptably compromised if a ride-on buggy is used. This might apply to the whole or just part of the course. Potentially unsuitable conditions include waterlogging, frost, etc. Where such conditions arise the club will review the situation on at least a twice daily basis.

Use in General Play and Competitions

During general (non-competition) play a ride-on buggy shall only be used by members, visitors and guests authorised to do so.

Ride-on buggies may be used during closed and open competitions by those suffering from a disability within the meaning of the Disability Discrimination Legislation.

Golf Buggy Safety Policy

The Club has a duty of care to all users of the golf course. The topography of certain areas of the course is such that caution and prudence must be shown by the user of a ride-on buggy. It is also necessary for the Club to provide adequately safe means of access for all golfers including those given permission to use buggies. Moreover, the Club has to ensure the safety of golfers who do not wish to use ride-on buggies but who might be at risk from a mechanically defective ride-on buggy or its careless use. This duty of care also applies to members of the public using the various rights of way.

To assist the safe employment of ride-on buggies all potential users (members and visitors) shall comply with the following conditions:

1. Ride-on buggies on TheGolf Club property are only for the use of members and visitors who are disabled within the meaning of the Disability Discrimination Legislation.
2. Ride-on buggies must be operated with the utmost courtesy, care and consideration for the safety and convenience of pedestrians. Pedestrians must be afforded the right-of-way at all times.
3. The signs and instructions employed on the course to warn buggy riders of potential danger areas or, areas forbidden to ride-on buggies because of concerns about danger or, the potential to cause unacceptable wear and tear to the course, must be followed at all times.
4. Ride-on buggies must be operated and parked in such a manner that they do not impede or interfere with normal pedestrian or vehicular flow on roadways, ramps or pavements.
5. Ride-on buggy operators will be responsible for the security of ignition keys for the period that the buggy is on the property owned by the Club.
6. The Golf Club has no responsibility for ensuring the safe operation of ride-on buggies on or beyond the confines of the course and the club car-parks other than those operated by their servants or agents. The Club will accept no responsibility for any loss or damage caused to any property other than that arising from the negligent use of a ride-on buggy by their servants or agents.
7. No ride-on buggy will be operated in excess of 15km per hour. All speed limits must be observed.
8. Ride-on buggies shall be used only between dawn and dusk.
9. Ride-on buggies must be operated in compliance with the common` rules of the road` regardless of whether ride-on buggies are operated on pavements or roadways.
10. Operators must stop the buggy at blind intersections and proceed with caution.
11. The consumption of alcohol and/or the improper use of drugs when using the Ride-On Buggy is strictly forbidden
12. The Secretary/Manager have the authority to immediately prohibit any individual from using or being carried on a ride –on- buggy. Application for reinstatement of permission can only be made to the Green Committee.
