

17th March 2020

Coronavirus (COVID-19)

Wales Golf is taking the spread of Coronavirus (COVID-19) extremely seriously. Our number one priority remains the safety and wellbeing of golfers, clubs, volunteers and staff.

We have been asked by clubs about potential financial assistance from Government in light of announcements made recently. Please click [here](#) to access the latest support and advice from Business Wales. Wales Golf is committed to ensuring the appropriate representations are made in respect of our clubs during this very difficult time.

We have cancelled a number of workshops and events to the end of April and we will continue to monitor our events calendar on an ongoing basis as matters develop.

In addition to these events, and given the update from the UK Government on 16th March we have taken the decision to cancel all non-essential face-to-face meetings involving Wales Golf staff. This cancellation will be effective from this evening until the end of April. This will be reviewed on an ongoing basis and where we are able to, we will look at ways to communicate using technology.

In line with advice the majority of Wales Golf staff will work from home. If you need to get in touch with a member of the Wales Golf team, we would encourage you to fill out our Contact Us form [here](#) giving the nature of your enquiry, your position within the club and a contact telephone number/email address and someone will be in touch.

We are aware of clubs looking to put in place specific changes to their business operations as part of their response to COVID-19. In this regard, we would welcome clubs to share their best practice with Wales Golf which will allow us to share it with the wider golfing community in Wales.

Wales Golf are aware that this is a difficult and concerning time for everyone involved and we are committed to communicating with you in a timely manner regarding the latest developments.
