

Guidance for Playing Golf in Wales and UK Under COVID-19 Restrictions

**Version 8
10/07/2020**

Following the First Ministers announcements today, 10th July, Wales Golf is pleased to announce that from Monday 13th of July, **3 and 4 ball golf is permitted from any household**, adhering to Government and Industry guidelines. This is as a result of organised outdoor activities being able to resume.

'The Welsh Government is also making changes to the regulations to allow larger gatherings of up to 30 people outdoors only where these are organised and supervised by a responsible person for sports and other leisure activities and classes.'

Outdoor group coaching sessions and Wales Golf schemes such as **New2Golf** can re-start safely whilst following the Welsh Government and Industry guidelines.

If your club is interested in starting a New2Golf scheme, please contact your Wales Golf development officer who can talk you through the new scheme requirements.

It has also been announced that from Monday 13th July, food and beverage can resume operating an outdoor service only, providing they follow Welsh Government advice including Test, Trace, Protect.

[Click here](#) for the Welsh Government Tourism and Hospitality business checklist

[Click here](#) for UK Hospitality Cymru. Additional industry guidance, approved by the Welsh Government

On the **6th of July**, '**Local Travel**' restrictions in Wales were **lifted**.

Physical distancing guidelines and industry guidelines must be adhered to before, during, and after the round.

If golf continues to be allowed, the protocol governing the safe playing of the game (below) may be updated in line with any changes to public health measures. For these reasons, we will continue to monitor developments very closely and will update our advice as required. It is essential that golf clubs and golfers regularly check www.walesgolf.org/covid-19 for updates.

As one of the first sports to be allowed to resume, there is a **major responsibility for golf clubs and golfers** to ensure that our sport is conducted **safely** and **responsibly**. **Full adherence** to the provisions of this protocol is essential. It should be noted that the Government continues to monitor the situation closely and retains the right to reintroduce restrictions **which could see golf clubs closed once again** if the **protocol is not followed**.

Juniors

At the club's discretion, juniors should be accompanied by an adult until the club, and their parents/guardians are confident the junior(s) can adhere to the new guidelines and protocol.

Risk Assessment linked to COVID-19

Golf clubs must conduct a risk assessment to plan, prepare, and mitigate risk linked to COVID-19. It also must be adapted to the needs of the club and aligned and amended according to the correct Government advice and restrictions. A Wales Golf template risk assessment has been developed to support clubs in implementing the safest possible procedures. This is available by contacting the Wales Golf Development team by [clicking here](#).

PPE should also be used where applicable. Wales Golf can also put clubs in contact with several retailers who can provide this.

Updated Maintenance of the Course

The following update (Version 4) to the Essential Maintenance Statement for Golf Courses has been produced in association with BIGGA. It has been published in view of alteration to Government regulations in England and Wales.

Safe Routine Maintenance Practices can be Restored in England and Wales

Safe Routine Maintenance Practices for England, Wales, Scotland, and Northern Ireland Alterations to Government regulations mean golf clubs have either reopened or are reopening. Consequently, routine maintenance practices can be restored, providing safe working practices are in place that are in line with Government safe working guidelines, and all golf facilities implement stringent measures to ensure staff members are not at risk. The number of greenkeeping staff and the amount of time they spend at work should be tailored to fit with safe working practices.

These include but are not limited to:

- Focus on hygiene and social distancing
- Ensure staff members work separately
- Allocate individual machinery to one worker only
- If multiple staff are on-site, then stagger working hours and break times
- Limit or prohibit the use of communal areas
- Regularly disinfect any surface that is contacted, e.g., door handles, fuel pumps, communal machinery
- Ensure there is a robust lone working policy
- Ensure that golfers and greenkeepers are kept separate from each other and observe social distancing

For current maintenance, guidance [click here](#).

The industry operational guidelines can also be found by [clicking here](#)

Maintaining hygiene, through handwashing, sanitisation facilities, and toilets

To help everyone maintain good hygiene, consideration should be given to:

- Using signs and posters to build awareness of good handwashing technique, the need to increase handwashing frequency, avoid touching your face and to cough or sneeze into your arm
- Providing regular reminders and signage to maintain hygiene standards
- Providing hand sanitiser in multiple locations in addition to washrooms
- Enhancing cleaning for busy areas
- Sufficient provision of automated hand sanitising dispensers in public places

Clubhouse

Indoor facilities apart from toilets should be kept closed.

When accessing and leaving facilities people should wipe down areas of contact, wash their hands thoroughly, use paper towels where possible and avoid touching any surfaces in transit.

Clubs should also regularly clean touch-point areas and surface in line with their club COVID-19 risk assessment.

Toilet and Washroom facilities

The club must ensure toilets are regularly **cleaned** and **well managed** to minimise the risk of the transmission of the virus.

- A full risk assessment should be carried out setting clear use and cleaning guidance for toilets to ensure they are kept clean and social distancing is achieved as much as possible.
- Consider a one in one out system and 2 metres queueing point could be implemented outside the building which can help ensure physical distancing.
- More frequent rubbish collection
- Replacing hand dryers with paper towels in handwashing facilities

Clubs can also contact their **local Environment Health and Safety Authority** for additional advice and guidance regarding **opening toilet facilities**. It is also recommended that clubs **check** everything with **their insurance companies**.

Bars and Restaurants

It has also been announced that from Monday 13th July, food and beverage can resume operating an outdoor service only, providing they follow Welsh Government advice including Test, Trace, Protect.

Coaching, Retail, Club Fitting and Driving Ranges

Coaching

Coaching is permissible under strict infection control measures, observing 2-metre physical distancing and must take place **outside**. **Outdoor group coaching sessions** and Wales Golf schemes such as **New2Golf** can re-start safely whilst following the Welsh Government and Industry guidelines. If your club is interested in starting a New2Golf scheme, please contact your Wales Golf development officer who can talk you through the new scheme requirements.

To comply with this regulation, you should enforce strict hygiene measures, and it is recommended that PGA professionals complete a comprehensive risk assessment and refer to the coaching guidelines on the PGA COVID-19 resource hub <https://www.pga.info/covid-19-resource-hub/>

Retail

As of Monday 22nd June, Professional Shops in Wales can re-open for retail purposes. Please ensure all shops are adhering to the social distancing and Welsh Government Guidelines.

Club Fitting

Club fitting can commence. However when considering whether to custom fit golf clubs at your facility, the following points need to be followed:

- Carry out a comprehensive risk assessment considering current Welsh Government advice.
- All club fitting should take place **outdoors** and **social distancing** must be adhered to.
- Consideration needs to be given to the strict hygiene measures relating to the sharing of equipment.

Driving ranges

The First Minister also announced the re-opening of outdoor sports facilities from Monday 22nd of June as long as social distancing can be maintained. Driving ranges have been constructed in a variety of different ways, with varying features of indoor and outdoor facilities, making it impossible to provide a blanket response as to whether they can or cannot open.

Driving ranges contain several hard surfaces and remain a high-risk area for the spread of COVID-19. However, **outdoor driving ranges** are able to open if they can operate outdoors - E.g., on a grass area, with outdoor access points, and not under-cover.

If your facility is undercover or sheltered, you should get in touch with your local Environmental Health and Trading Standards office who will be able to provide further advice whether you can open.

Facilities **must** conduct a full risk assessment.

Further Clarification

We will be sure to update you as further clarification comes available. In the meantime, our advice remains unchanged: where there is any room for doubt the safest option should be pursued.

Industry Protocol

UK Golf Industry (led by the R&A) has carefully considered how to ensure the safe management of a golf facility when government COVID-19 restrictions are eased. These detailed industry guidelines have been issued for the benefit of all staff, including greenkeepers, club professionals and golf facility managers, administrators, and, of course, all golfers (see <https://www.pga.info/covid-19-resource-hub/>).

Golfers will be required to comply with the rules on social distancing throughout. Some temporary provisions in relation to the Rules of Golf will also be necessary to ensure safe play (see below).

While each club/facility will need to adapt its procedures to ensure compliance with government restrictions, the following aspects of the golfer experience, divided into the five following categories, will need to be considered:

- a. Course Set Up
- b. Before the Round
- c. During the Round
- d. After the Round
- e. Rules of Golf Related Matters

a. Course Set Up

For up to date guidance on essential maintenance, please refer to the most current version of the "Essential Maintenance Statement for Golf Courses during COVID-19 Outbreak".

• On-Course Items

- All rakes and ball-retrievers to be removed.
- Ball washers and drinking fountains to be covered up.
- Benches and bins to be removed, covered or sign-posted in such a way that players don't touch them.
- All other removable items to be removed, except that stakes defining areas of the course can be treated as immovable obstructions.

• Hole and Flagstick

- Flagsticks can be retained but it is strongly recommended that a sign is put on the flagstick stating that it is not to be touched.
- A method of inserting the hole liner to be used that means that all of the ball does not fall below the surface of the putting green and can be easily retrieved by handling the ball only.

• Practice Areas

- Practice areas, including practice nets, to be closed unless safe sanitising practices can be guaranteed.

b. Before the Round**• Bookings**

- Clubs/facilities to organise a system of booking and allocation of tee times that ensures the safety of staff and golfers.
- The maximum number of golfers in a group per tee time to be confirmed by the club/facility and must be in accordance with any government requirements.
- There is to be a minimum of 10 minute intervals between tee times, but longer intervals may be more appropriate depending on the club/facility.

• Arrival and Waiting to Play

- The clubhouse and locker room facilities will be closed. Limited essential access (for example to use the toilets) may be allowed by the club/facility.
- Clubs/facilities to communicate in advance with golfers to advise on social distancing requirements that are being applied on arrival at the club/facility, for example not leaving cars until a certain time before their tee time.
- Clubs/facilities to have procedures in place to ensure social distancing requirements in the area of the professional's shop or starter's building in advance of golfers teeing off.

- No trolleys, carts or other items to be available for hire unless safe sanitising practices can be guaranteed.
- Clubs/facilities to have procedures in place for the practice putting green, for example giving priority of use to the players in the next group due to tee off.

c. During the Round

Guidance and reminders should be provided by clubs/facilities to golfers is to ensure that they keep at least 2 metres apart during the round.

- **Teeing Areas**

- Remind golfers to keep 2 metres apart at teeing areas due the normal close proximity of golfers to one another when tee shots are being played.

- **General**

- Remind golfers to stay more than 2 metres apart when walking to the ball, searching for a ball and playing shots.
- Remind golfers not to touch stray balls.

- **Bunkers**

- With no rakes allowed on the course, remind golfers to make their very best efforts to smooth the sand using their club and/or their feet.

- **Putting Green**

- Remind golfers to keep 2 metres apart on the putting greens and not to touch the flagstick.

d. After the Round

Remind golfers that social distancing is as important after a round as it is during the round, so when the round is over they must leave the course and the club/facility immediately so that there are no gatherings around the clubhouse area.

e. Rules of Golf Related Matters

Please refer to latest update of The R&A's [COVID-19 Related Guidance on the Rules of Golf](#).

Note: A Committee should consult its handicapping authority for guidance on whether scores are acceptable for handicapping purposes.

WALES GOLF
EVERYONES GAME. ANYWHERE

BACK2GOLF

GOLFERS STAY SAFE GUIDANCE

2 METRE SOCIAL DISTANCING AT ALL TIMES!

1 BEFORE YOUR ROUND

- Book your round of golf online if possible
- If you are ill or have symptoms, stay at home
- Use the toilet facilities before you leave home
- Sanitise equipment before and after play
- Bring your own hand sanitiser hydration/ food to the course
- Arrive at the facility 15 minutes before tee time and change shoes etc. in the car park
- Do not arrive at the first tee more than 5 minutes before your allotted tee time
- No roll ups or groups to congregate around the club or tee area

2 DURING YOUR ROUND

- SANITISE YOUR HANDS AND GOLF BALL BEFORE, DURING AND AFTER YOUR ROUND
- 1 player on the tee box
- Smooth the sand with your club or foot
- Keep 2 metres social distancing at all times across the course
- Do not touch the flagstick
- Do not exchange equipment with other e.g. borrowing tees or balls

3 AFTER YOUR ROUND

- Do not shake hands
- Leave the venue as soon as your game is complete
