

Wales Golf New2Golf Championship

All Clubs in the New2Golf Scheme from 2018 onwards
Autumn - Winter 2020
Entry Fees – Free

The Wales Golf New2Golf Championship is a replacement for this year's Summer Swing events and provides an opportunity for New2Golf members to compete in a nationwide mass mixed gender Championship. The Championship is free for all clubs to enter and Wales Golf will not be charging players to compete. This event is aimed to be a very relaxed event with a focus on it being a fun day for all those who enter. In the past New2Golf has been open only for adults but this year due to limited golfing opportunities and the cancellation of the Ping Junior Tour we are allowing juniors to partake in the event.

Players affected by local lockdown regulations will be able to compete through reciprocal arrangements with other local clubs, where appropriate.

Terms of Competition

1. The Championship is open to clubs who have run a New2Golf scheme in the last three years and all participants are either brand new to golf or have been a participant in New2Golf previously. Participants will be split into two categories; those with a CONGU handicap and those without a handicap.
2. The format will be individual medal played over 9 holes with a maximum of 10 shots per hole, not handicap counting. Should a player struggle to get out of a bunker it is advised that they take two attempts and for the third they are allowed to throw the ball out as far as they can towards the hole.
3. The Championship is to be held using the course tees with the shortest yardage available at your club.
4. The Championship will be held throughout the Autumn and winter months with no specific date to be played on and can be run at the club's leisure to fit busy schedules.
5. If electing to run the Championship over multiple days, simply combine the scores from each day.
6. The player which returns the lowest gross medal score from the non-handicap category and the lowest net score from the handicap category will be declared the club winner and go forward to the National Results Table in their respective categories.
7. The National Results Table will rank all club winners in each category, with the winner being the player with the lowest medal score.
8. Clubs will receive two plaques (one for each category) to engrave with the winners' names and will be encouraged to run the event annually.
9. The winner from each category in the National Results Table will receive a prize.
